

# TENSE STRAIN IN COPPER COUNTRY

Strenuous Efforts Being Made  
to Avoid Necessity of  
Martial Rule

ENTIRE DISTRICT IS  
UNDER HEAVY GUARD

Operators May Lose Millions  
Through Rising of Water  
in Mines

CALUMET, Mich., July 28.—With the miners angry at the desperate attempts of the operators to open their mines the situation in the copper country is but little improved today. The entire district is heavily guarded.

The strike leaders disclaim any knowledge of the burning of a store near Marquette, whose proprietor refused credit to the strikers. Pickets are canvassing the strike district thoroughly today. The importation of strikebreakers continued.

All lines of business in the Michigan copper country are feeling the effects of the strike. Wholesale meat dealers today announced that beginning today they will sell for cash only. This will necessitate similar action by retailers, notwithstanding their fears that strikers will resent this action and resort to destruction of their property.

Property loss amounting to many millions will be inflicted by rising water in the mines, which has resulted in the firm determination of the Calumet and Hecla to resume pumping. Firemen, who were clubbed and driven from the boilers by strikers, will return under military protection.

## GOVERNOR IS SEEKING PEACEFUL SOLUTION

BIG RAPIDS, Mich., July 28.—Gov. Ferris spent Sunday at his home here eagerly watching developments in the copper country. He expressed the hope that it would not be necessary to call out the federal troops, as has been suggested. In fact, the governor is extremely anxious to see the difficulty settled without even the declaration of martial law. The governor received the following telegram from Gen. Abbey at Houghton last evening:

"Declaration of martial law will greatly aid in handling the situation here. Sheriff Cruise greatly in favor of such action. Have I your authority to take the step? Some marching of organized strikers, everything orderly. Greatest difficulty experienced when attempt is made to pump out the mines. Fifteen companies have arrived."

(Signed) "ABBEY."

The governor sent this reply:

"Do not favor martial law except under most extraordinary circumstances. Exercise utmost forbearance and if absolute necessity arises for martial law, wire me."

(Signed) "W. N. FERRIS."

# MULHALL ON STAND AGAIN

Resumes His Story and Brings  
Senator Lodge Into Political Mix-Up

WASHINGTON, July 28.—Alleged political activities of the National Association of Manufacturers in 1911 were detailed to the senate "insidious lobby" probes today by Col. Martin Mulhall, the chief witness who has apparently recovered from his collapse of Friday. He is expected to conclude his direct examination today.

Mulhall brought Senator Lodge of Massachusetts into the discussion by declaring that he visited the latter's office in 1910. He said he went to Massachusetts and helped in the Republican fight there.

Lodge immediately denied the allegations, saying that Mulhall might have been in his office, but he didn't have any conference with him.

## UNION BUILDERS WIN IN KANSAS CITY

KANSAS CITY, Mo., July 28.—The lockout of 1300 union workmen of the building trades, which has continued for seven weeks, ended today, when members of the Building Trades Council agreed to take the union men back. The conditions of the agreement are that no strike in the future shall be called except after arbitration.

# America Wins International Tennis Cup

WIMBLEDON, England, July 28.—America won the Davis international tennis challenge cup today, Maurice McLoughlin of San Francisco clinching the victory by the defeat of C. P. Dixon, of England, in straight sets, 6-6, 6-3 and 6-2.

McLoughlin was invincible after the first set, while a Dixon fought desperately, the Californian apparently being unable to reach his form. In the second set McLoughlin began a terrific smashing game, and the Britisher was utterly helpless before his service and smashing returns.

In the final singles, Parke of England beat Williams of America six-two, five-seven, five-seven, six-four, six-two, the final match standing: America, three; England, two.

# BELIEVED VOTE FAVORS A STRIKE

Representatives of 5000 S. P.  
Trainmen Will Confer With  
President Tomorrow

SAN FRANCISCO, July 28.—Chairman A. T. Greog of the adjustment board of the Order of Railway Conductors, said today that the strike vote of five thousand conductors and trainmen employed by the Southern Pacific had been canvassed, but declined to state the result. The board will meet President Davlin of the Southern Pacific tomorrow to continue negotiations with the view of preventing a strike.

The conductors are contending for the same wages on Southern Pacific suburban electric lines as are paid on steam lines. The continuing of negotiations is taken as a sign the vote favors a strike if the company refuses to accede to the demands of the men.

## WILL PUSH BILL TO FIGHT PELLAGRA

WASHINGTON, July 28.—Representative Johnson of South Carolina today announced that he would push his measure providing for the government establishment of a pellagra hospital in the South.

Pellagra is an epidemic disease which consists in the skin becoming covered with tubercles and rough scales, and in debility, vertigo, epilepsy, and great depression of spirits. It has become a serious menace in the South, where many of the natives have contracted it by eating bad corn.

"I shall ask the public health service to give its support to my bill," said Johnson, "and with its backing I hope to get consideration for the measure. Pellagra is on the increase in the South and will soon menace the entire country if not checked."

So far no cure for pellagra has been discovered, and the object of the Johnson bill is to establish a station where it can be extensively studied.

## INCREASE IN NUMBER OF POSTAL BANKS

WASHINGTON, July 28.—Every Presidential postoffice in the United States will be a postal savings depository on September 2, when 174 Presidential postoffices will be added to the list by an order just issued by Postmaster General Burleson. The offices to have the new service include one of the first class, thirteen of the second class, and 160 of the third class.

The following are the newly designated offices in the states named: Nevada, Round Mountain, Ruth, Arizona, Hayden, Warren, California, Altadena, Carmel, Gustine, Lancaster, Lone Pine, Patterson, La Mesa, Soledad, Walnut Creek, Wasco.

# FAILING TO PAY TO SUPPORT CHILDREN, CLIVER SENT TO JAIL FOR CONTEMPT OF COURT

Isaac W. Cliver was today sent to jail for five days for contempt of court. He failed to obey the order of Judge West that he pay \$5 a week to his former wife, Lydia Cliver, for the support of his two minor children.

Cliver formerly lived in Santa Ana. After the separation in the family he was ordered to pay alimony. Five or six years ago he went to jail on contempt proceedings, having failed to obey the order of the court.

Cliver is now married again. Today he was brought here from San Bernardino by a deputy sheriff. He

# BURGLAR MIGHT TOTAL RECEIPTS HAVE STARTED FIRE IS OVER TWO MILLION

Perry Taylor's Grocery on West  
Pine Was Burned Out Yesterday Morning  
Swell the Figures for the  
Last Fiscal Year

SAYS SCREEN CUT  
AND DOOR OPENED  
AUDITOR'S REPORT  
AN INTERESTING ONE

Loss in Early Morning Blaze  
About \$2,000 and the Insurance is \$1675  
Care of Indigents Outside of  
Hospital Increased About  
\$4,000 in Year

Yesterday morning about 2 o'clock there was discovered in Perry Taylor's grocery store at 922 West Pine street. The inside of the building was burned, the grocery stock badly damaged and some furniture destroyed. Taylor says the building cost \$800 and that he had a \$1200 stock of groceries in it. He had \$1000 insurance on the stock, \$675 on the building. He says that he had recently fitted up a room at the rear of the store for his boys with \$200 worth of furniture.

Taylor believes that the store was burglarized, and that the fire was started by matches lighted by burglars. He says a rear screen was missing from the refrigerator and that an east door, found open by the firemen when they arrived, was locked when he left the store at 8:30 o'clock Saturday evening.

The flames were discovered by Mrs. Grannis, who lives near the store. She was awakened by the crackling of burning wood. Her screams aroused the neighborhood, and an alarm was turned in from the water works.

J. W. Crumrine and his wife, neighbors, undoubtedly saved Taylor's house from catching afire. Crumrine mounted the roof to beat out incipient flames, while Mrs. Crumrine with a garden hose stood between the burning store and the house applying a stream of water.

The interior of the store was all ablaze when the firemen turned a fire-hose stream upon it, and in a few minutes the fire was under control. The stock of groceries was badly damaged. Canned goods had labels melted off them, where fire did not reach.

At the back of the store was a small room fitted up for the occupancy of Taylor's sons. The fire evidently started at the rear of the store just outside the wall of this room. The furniture was rendered worthless.

Taylor declares that the place was burglarized. He says he is confident that two hams are missing from his store. The screen of the back door shows evidence of having been torn. When the firemen arrived they found the east door of the building open. Taylor declares that he is certain it was closed when he left Saturday evening to go to the County Park, where his family is camping, for after he got into his buggy he sent his little daughter back to the store to try and the doors to make sure that they were locked.

About three years ago a little restaurant on West Fourth street owned by Taylor was burned out.

During the fiscal year ending June 30, 1913, Orange County expended \$1,359,078.44, as against \$1,046,060.82 for the year previous. These totals are taken from the annual statistical report made out by County Auditor Lester and his deputy, Miss Helen Craemer, county statistician. While the total is over \$200,000 more for the last year than for 1911-12, a large share of the difference went toward expenditures met with money voted for bridges, hospital and good roads bonds. Several bridges were built, a county farm bought and highway preliminaries met.

The total receipts in 1912-13 were \$2,023,189.60, and in the 1911-12 fiscal year the total was \$1,214,874.08. Receipts for bonds go to make up most of the difference here also. The balance on hand on July 1, 1913, was \$1,001,149.11 and on July 1, 1912, it was \$334,586.68.

The following table shows some of the expenditures for the two fiscal years:

	1912.	1913.
Superior court ..	\$ 9,017.57	\$ 8,007.17
Justice courts ..	5,825.50	6,650.25
Grand jury ..	1,530.90	2,096.40
Courthouse ..	4,596.55	5,532.74
County park ..	1,306.96	1,645.31
Advertising ..	3,695.59	5,930.18
Elections ..	10,707.43	18,154.81
Highway Imp. ..		14,295.58
County farm ..		35,428.91
Bridges ..		48,112.73
County jail ..	10,446.97	26,677.86
Indigents ..	26,343.71	30,975.76
County hospital ..	5,283.54	5,964.55
Detention home ..	5,977.86	5,288.85
Hort. Com. ..	3,327.71	2,527.35
The reason the county jail total for the last year runs so high is that it includes \$13,417.13 for remodeling the jail. In 1911-12 the cost of feeding prisoners was \$6,312.90 and for 1912-13 it was \$6,809.85. Most of the increase in the care of indigents outside the county hospital was for merchandise furnished indigents.		
The amount of money spent on road work from the general fund and aside from the road district funds follows:		
Second district ..	\$12,291.02	\$15,192.82
Third ..	10,454.45	12,260.08
Fourth ..	11,138.94	5,969.15
Fifth ..	14,222.04	21,978.68

# BLUEJACKETS ON GUARD IN SHANGHAI

Reports of Probable Peace Result in Comparative Quiet; Americans Safe

SHANGHAI, July 28.—American, British, Japanese and Italian bluejackets are patrolling the foreign quarters today. Conditions are comparatively quiet as a result of the general reports that peace arrangements have been nearly settled, although tales of terrific fighting and massacres in the interior are arriving hourly.

Americans in the trouble zone are reported safe.

# \$400,000 LUMBER GOES UP IN SMOKE

LA GRANDE, Ore., July 28.—Lumber worth \$400,000 was burned in a supposedly incendiary fire destroying the yards of the George Palmer Lumber Co. here. Two men fled as the flames were discovered, a watchman firing after them, but it is not believed either was wounded. Various mills and buildings of the yards, which contained the company's cuttings for six years, were fired almost simultaneously. Practically every citizen of the town joined in the fight to prevent a further spread of the flames.

House Holds  
Three-Minute Session  
WASHINGTON, July 28.—The house held a three-minute session today, adjourning after the chaplain's prayer.

# MEXICAN SITUATION NOT YET CRITICAL

Inside Information from Washington Is  
To Effect That There Has Been  
Much Misrepresentation

[By John Nevin, United Press Staff Correspondent.]  
 WASHINGTON, July 28.—The Mexican situation is serious, but not critical. There is no more necessity for intervention than there was a month ago. It is stated from official sources that the President believes much of the present agitation is due to newspaper manipulations; that certain newspapers and persons are responsible for the increased apprehension.

It can be stated most authoritatively that the President will continue his Mexican investigations in "B g Brotherly" fashion; that he has not yet considered arms. At the executive offices the reported story that the President was considering the dual intervention plan suggested by Ambassador Wilson was characterized as absurd.

According to the administration, "irresponsible talk" by persons high in authority and the attributing by a new agency to the President of views he doesn't entertain are the only things now complicating the Mexican situation. The President is considering mediation more closely than other plans, but is still open to conviction in the matter.

It is likely the status of the Huerta government will be the first matter discussed with Ambassador Wilson.

There is no verification here of reports that Huerta is willing to withdraw from the presidential race if recognized as provisional president and permitted to retain office until his successor qualifies. President Wilson, however, recognizes that conditions may change at any moment to force intervention, but intends to avoid summary action if possible.

WASHINGTON, July 28.—The President conferred with Ambassador Wilson for an hour today on the Mexican situation. Following the conference the Ambassador said: "The conference was devoted to presenting to the President the exact facts. I didn't discuss my policy. I gave the President my views. He will decide as he pleases." The Ambassador said he expects another conference.

R. F. Del Valle of Los Angeles conferred with Secretary Bryan today. Del Valle was angry because of reports that he spied on Ambassador Wilson during the course of his own secret investigation for the state department. President Brown of the Mexican National Railways, conferred with officials of the state department. He will see the President tomorrow.

## PROMPT REPARATION DEMANDED OF MEXICO

WASHINGTON, July 28.—The shooting of Charles Dixon, United States immigration inspector by federal soldiers at Juarez was yesterday made the occasion of the most vigorous representations yet ordered by the department of state.

Representations were made both to the military authorities at Juarez, Mexico, opposite El Paso, Tex., and to the responsible authorities of the Huerta government in Mexico City. Through Consul Edwards, at Juarez, and Charge d'Affaires Nelson O'Shaughnessy, at the American embassy in Mexico City, peremptory demands were made for speedy reparation and redress for the offense.

Consul Edwards demanded the arrest and confinement of all the federal officers and soldiers concerned in the shooting of Dixon. This demand has been complied with and those implicated in the shooting are now confined in the Juarez jail. The consul has also been busy gathering the names of witnesses to the shooting and seeing that these witnesses were not spirited away. He also demanded that permission be granted for the removal of Dixon to an El Paso hospital. This demand has also been complied with.

Charge d'Affaires O'Shaughnessy also has been instructed by Secretary Bryan to call at once on the minister of war in Mexico City and demand that all concerned in the shooting of Dixon be imprisoned at once. He was also directed to demand that the trial of the offenders proceed forthwith.

Details of Shooting  
EL PASO, Tex., July 28.—A victim

# JAPANESE DROWNS IN LONG BEACH SURF

LONG BEACH, July 28.—S. Mori, a young Japanese, employed in a Los Angeles hotel as a porter, was drowned here about noon yesterday, the body being discovered an hour later by Life Guard Anderson and an assistant, who searched the bottom in fifteen feet of water for thirty minutes.

The drowning, the first of the season at this beach, was witnessed by several hundred bathers in front of the Pacific bath house, the cries of the man attracting their attention, as it was thought he was joining in the shouting of his companions. When it was realized he was in trouble the life guards made a valiant effort to reach him without success.

# Apricot Growers Warned Against Tricky Buyers

(By J. G. Berneike, M. D., Corresponding Secretary)

In a letter of July 24th, the secretary of the Ventura County Dried Fruit Association writes:

"We understand from different parties that some sales have been made somewhere in your district to packers at 9 cents. Is this correct? We can hardly believe that any of the growers would sell at this time at such a low figure."

My reply by return mail was: "Growers in Orange county are not selling at 9c. This is a trick of buyers in Ventura county to scare the growers there into selling at such a ridiculously low price. When they can buy a few lots there at that price they will come to Orange county and tell us that the growers of Ventura county are anxious to sell at 9c a pound, and consequently our growers here had better sell quick to get ahead of them. Please to publish the substance of my reply in the local papers of your county as quick as you can."

I hope that the press of our county will do the same in the interests of our apricot growers, because whatever hurts the growers hurts indirectly the interests of our entire community. In a few days I hope to have time to prepare an article for the press showing the growers the condition of the dried fruit crops of California and of the world, the market conditions and other factors that enter into the price of our products.

# JAIL TERMS MEAN LESS MURDER

Officers Convinced Vigorous  
Enforcement Having Good  
Effect on Gun-Packers

KILLINGS AMONG  
MEXICANS DECREASE

Six Months in Jail is Enough  
to Teach Man to Quit Carry-  
ing His Revolver

The officers are fully satisfied that jail sentences are the solution of the gun-packing problem among the Mexicans.

About the time that City Marshall Keilenberger of Anaheim was shot down by a drunken Mexican, the officers all over the county concluded that something had to be done to discourage Mexicans from carrying revolvers and big knives. The jail sentence was resorted to. The word went out to the Mexicans that any Mexican caught carrying a gun would be sent to jail.

Mexican after Mexican came up before Justice Cox, and every mother's son of them who was convicted of packing a gun was sent to jail, many of them for six months. That policy has come to be an established policy in the local justice's court. The officers of the county, including the sheriff and his deputies, constables and district attorney, have never overlooked an opportunity to deal vigorously with gun-men.

It has been weeks now since there was a Mexican murder, and shooting affairs are on the decline. It may be that it all has happened just so, but the officers are convinced that the Mexicans are carrying fewer guns than ever before for the reason that they fear the law on concealed weapons. They do not like these long jail sentences.

"I believe that in a large measure the jail sentences have brought about better conditions in respect to carrying concealed weapons," said District Attorney West today.

# FINLEY IS GIVEN THE DEATH SENTENCE

SACRAMENTO, July 28.—James W. Finley, who participated in the famous Finley-Quijada-Carson jail break at Folsom in 1905, was today sentenced to hang October 24, under the law providing the death penalty for life convicts attacking guards. Superior Judge Post pronounced sentence. The offense was committed during a jail break.

Asked in court if he wished to make a statement Finley said, "I haven't taken human life. I don't think the law is just or humane." The judge replied, "I have nothing to do with the humane side of the law."

Jake Oppenheimer, the "human tiger," was the first to have his life taken under the same law.

# MAY BE SOLUTION OF MURDER MYSTERY

SAN DIEGO, July 28.—Chief of Police Johnson of Sacramento arrived here today for Jack Drumgoole, a prize fighter, and Sam Rabel, a cafe entertainer, held for the murder of Cherry De St. Maurice, proprietor of a Sacramento resort known as the "Cherry Club." According to Captain of Detectives Myers, Rabel made a partial confession, piece by piece.

According to Myers, Rabel's statement is that he was "in on the deal," but he denied that he killed the woman. The statement contained nothing implicating Drumgoole. Rabel said an accomplice attacked the woman, strangling her previous to sacking the house for jewels. She fought so desperately it was necessary to choke her more than was intended. He didn't know, however, until he read in the papers the next day, that the woman was dead. He said the jewelry was shipped to Salt Lake after being stolen from the Cherry Club. The men went to San Diego, after writing to Salt Lake to have the jewelry forwarded there.

All the jewelry has been regained except one ring worth \$1000. Jewelry worth \$6000 was found tied in the tail of Rabel's shirt. Drumgoole was surely arrested here Saturday night, after a pawnbroker with whom they attempted to pawn a jewel, became suspicious and called the police.

# BREAKS TREES TO GET EVEN

Laborer After Disagreement  
Over His Wages Does  
Mischievous

FULLERTON, July 28.—Julius Reyes, a laborer on the Bastanchury ranch, north of Fullerton, was arrested Saturday on a charge of malicious mischief and taken to the county jail at Santa Ana by Deputy Sheriff George Law. After a quarrel with his employer in regard to wages, Reyes tried to "get even" by destroying a lot of young orange trees recently set out.

Today, however, the man arrested Saturday was turned loose, the officers having satisfied themselves that he was not guilty of breaking down the trees. Twelve or fifteen two-year-old orange trees were destroyed.

There was a small blaze yesterday afternoon at the residence of J. E. Morgan, the damage being confined to one room. Burning papers escaped from the grate and ignited a curtain. The fire department was called out and the flames quickly extinguished.

**For Cuts, Burns and Bruises**  
In every home there should be a box of Bucklen's Arnica Salve, ready to apply in every case of cuts, burns, wounds or sores. J. H. Polanco, Del Valle, Tex., R. No. 2, writes: "Bucklen's Arnica Salve cured my little girl's cut foot. No one believed it could be cured." The world's best salve. Only 25c. Recommended by all druggists.—Advertisement.

## Monday Evening Sermon

As Preached at the Union Service at the First Methodist Church Yester-  
day by Rev. Otto S. Russell, Pastor of the First Baptist Church.

Text: Matthew 13:27-28. "So the servants of the householder came and said unto him, Sir, didst thou not sow good seed in the field? From whence, then, hath it tares? He said unto them, An enemy hath done this."

We need get the setting of the parable with the details. It was spoken near Capernaum. The husbandman goes forth to sow in the field, an enemy comes under cover of darkness and sows tares. The servants discover tares growing and come to the Master bewildered. The Master explains this to be the work of the enemy and declares the tares will make the separation at the harvest time.

This text suggests two principal thoughts:

1. The work of the Son of Man, Jesus Christ. The Son of Man stands forth in the forefront of the picture sowing the good seed. The kingdom of heaven is the reign of God in human hearts and lives under the power of Jesus Christ and by the activity of the spirit. The field is the world, this earth of ours as the seat of the world of humanity. Jesus came to this field and sowed directly and personally by his life and preaching, and now sows directly and personally through his Spirit, as he teaches men through his word into the kingdom of heaven, using the agency of his human servants. The good seed is the children of the kingdom, so we are not undersowers but seeds sown. If we are seeds we must be willing to be sown. Our business is as sown seeds—first, expansion, then expansion, making ourselves then felt, revealing life and bearing fruit.

There is a query in the parable. Didst thou not sow good seed? From whence then the tares? The existence of the two growths arouses the question. We ask why are there two sons in the same family, one good, the other evil? Or if you were farmers, we would ask you where does cheat in the wheat field come from? I have asked many farmers that question

Willie—"Mamma, mamma, I want you to come and play ball with Teddy and me."

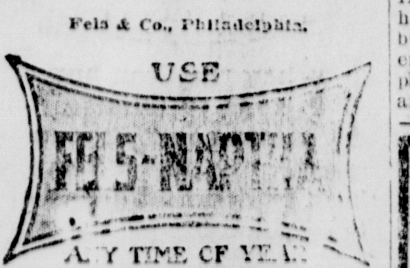

Mother—"I can't, little son. This washing will take me all the rest of the afternoon, and I'll be too tired to play today."

Anty Drudge—"My dear, if you had used Fels-Naptha Soap in cool or lukewarm water to do this washing, you would have been through long ago and would have felt fresh and bright enough to play with the children."

**Fels-Naptha Soap helps to keep the hands nice. Fels-Naptha itself is healing to the skin. Then, with Fels-Naptha, you never have to put your hands into hot water.**

**Fels-Naptha Soap washes clothes, washes dishes and does all the cleaning about the house in cool or lukewarm water. No boiling, no steam; not even hot water. The work is done in less time.**

Follow the directions on the red and green wrapper.

Always Fresh, Pure and Crisp.

and have not gotten a satisfactory answer. Where does evil come from? Where did sin come from? Old John Jasper, the great negro preacher of a few years ago, had a famous sermon on the subject, "Whar Sin Kum Frum." John Jasper was sound in his theology, for he traced it back to the Devil. God answers the question in this parable, once for all when he says: "An enemy hath done this." Thus God is forever vindicated. Then you ask why does God not kill the Devil and be done with it. You would not like Him to kill your best friend, or strike so very close to others. If you root up the tares you might get some of the wheat. We are more concerned about the work of the enemy just now, so let us look into the parable again and we find:

2. The work of this enemy. An enemy hath done this. (1) The character of his working. Came in the night; sowed tares among the wheat while it was yet dark; not detected until it got a hold. Just like the Devil! Much of the evil of the world is done in the night. Thieves work best in the night when good people are asleep. Screens have always been in demand by Satan, especially in his places where bad seed is being sown. In contrast, Jesus works in the open. He charges men's love of darkness to their evil motives. "Men love darkness rather than light because their deeds are evil." While he says of himself, "I spoke openly to the world; I ever taught in the synagogue, and in the temple, whither the Jews always resorted; and in secret have I said nothing." The enemy is ever working and whispering in the dark. When you see a man looking for dark places and wearing gum shoes you know who his master is and what he is about to do.

(2) Some of the seed he sows: Discontent, both of head and heart. There are two kinds of discontent, noble and ignoble. When Jesus comes he arouses the noble discontent; as is seen in his conversation with Nicodemus, who cannot be satisfied any more with what he has; or in his discourse with the samaritan woman, who goes into the city to tell others while she gives up her former life; or in his interview with the rich young ruler, who goes away sorrowfully and can never be happy in the old way. But Satan arouses ignoble discontent which manifests itself by lack of interest in the noble and good; by laziness when we do not want to make the effort; by impossible quest for equality in talent, income, etc., which is fast filling the world with its querulous clamor of discontent. Want same wage, same house, same horse, same automobile, etc. Learn a lesson from nature. She hates sameness. We do not want all mountains, neither all plains. If so what a monotonous world we would be living in. If all mountains we would have to become antelopes or rattlesnakes; if all level we would live in a marsh and become jobbers and eels. No, we want the hills, the valley for the orange grove and grain field, and the mountains for the pines. Neither do we want men all the same. We want Shakespeare to stay on his job, and Marconi to remain off the section gang. James and John and Peter gave up their nets and wrote gospels and epistles for those who cannot do anything but fish. Discontent gets men and women out of place and out of joint. Surely when we see this we may say, "An enemy hath done this."

3. Doubts—Fears—Misgivings. Israel was troubled here. Great pictures of giants were drawn until all got scared and would not make the venture to take what was their own. Thomas questioned and doubted and quizzed his Lord. Misfortune comes to another, and he begins to doubt if there be any God. A good woman came to me when her daughter had disgraced her name. She said she had stood at the wash tub to try as a widow to support and educate her children, and now it seemed as if all was in vain, and concluded by saying: "I sometimes wonder if there be a God." I said: "Do not lose faith in God, for surely an 'enemy hath done this.'"

4. Misconception of God. Satan misrepresents God on all occasions, and men listening are all upset in their ideas of God. If you would see a picture of God in His relation to men, read the story of the prodigal in Luke 15.

Prodigality. Slipped away from God and the church. Laughed at exhortations of those interested in the good. When I see a tree dying, I know something is wrong. I know there is an enemy at work in the root that nourishes or in the heart that sustains or in the lungs that breathe. When I see people neglecting their worship and their soul, and see them lured away by pleasures, carelessness and sin, by the siren's song, I think of the youth who was lured by sirens, who fed him with pomegranates and pleasures until his cheeks were pale, his lips blackened, his hair bleached, and his muscles withered. Such prodigality says, "An enemy hath done this."

5. Love of gold against love of God. This point was illustrated by a striking reference to Browning's "Andrea Del Sarto" of Florence. How he lived among the great, how he finished great works in a day; but that great life was ruined by an enemy, Lucretia. At her appeal he admits for gold; he becomes a thief, and then night falls, and in the dark

**Constipation**  
For many years I was troubled, in spite of all so-called remedies I used. At last I found quick relief and cure in these mild, yet thorough and really wonderful

ness you hear his pitiful cry for another chance. "O, God in heaven, give me one more chance! Build four great walls in the New Jerusalem; let each be measured by an angel's reed. Make one wall for Leonardo, one wall for Raphael, one for Angelo, and give me a wall, O God! Give me another chance, O Savior of men! that there, not here—that there I may cover the floor of heaven with the faces of the angels and the seraphs of God." When I ask why was it thus with the great artist, and remember Lucretia, the answer comes unbidden, "An enemy hath done this."

6. The hope of man is God. The harvest will be reaped from the good at harvest time. Evil will fail, truth will prevail. "Truth not always on the scaffold, wrong not always on the throne." Many men now in sin will yet be reached. Man, if you have gone wrong, if you have been the Devil's seed sown of him, there is still hope for you. The blood of Christ can wash that heart clean. His blood cleanseth from all sin.

**OLDEST COLORED WOMAN DISCOVERED SOME MORE**

BROWNSBORO, Kan., July 28.—The Rev. W. J. Daniel of the First Colored Baptist Church last week baptized "Aunt Annie" Warren McMakin, colored, no doubt the oldest person ever baptized. She was born a slave in 1787, two years before the United States had a president, on the Ingram plantation. She smokes a pipe every day, and says she has never been ill. Although there is no documentary proof there are many reasons for believing she is really 126 years old as she claims.

### AMUSEMENTS

At the Auditorium

For a week or more at the Auditorium Theatre the attendance has been increasing with marked rapidity and the last few nights it was a problem as to whether there would be room for the crowds. This increase is more than justified, however, by the excellence of the attractions that are being produced at this popular place of amusement, and the management definitely state that it will be their policy to give the people of Santa Ana always and only the very best that they can possibly procure. The attractions are to be selected from the cleanest and best of the big vaudeville circuits and will be of a character that will appeal to the very best people of our city.

Harry Holman and Company, who begin tonight, will present a little playlet that is full of laugh-provoking incidents, combining business, love and comedy, and they do it very cleverly. The playlet is called "The Merchant Prince" and is one of the headliners on the Pantheatre circuit.

Miss Lucille Dexter is a very bright little comedienne. She has played nearly all of the big circuits and does a "three-turn quick change skit; sis Hopkins character, straight, and ragtime. She "kicks" the house everywhere she plays.

Hamilton, the Great, is a comedian and impersonator who has played all the big eastern vaudeville circuits and is one of the best "acts" of his kind on the American stage.

Besides the three big acts above mentioned there are to be three big reels of fine moving pictures, altogether making the best program of attractions to be had this side of Los Angeles and in every respect as good as can be had anywhere for the price charged, ten and fifteen cents.

**The King of All Laxatives**  
For constipation, headache, indigestion and dyspepsia, use Dr. King's New Life Pills. Paul Mathulka, of Buffalo, N. Y., says they are the "King of all laxatives." They are a blessing to all my family and I always keep a box at home. Get a box and get well. Price 25c. Recommended by all druggists.—Advertisement.

## ELECTRIC LINE BE FINISHED SOON

Bay City Rushing Many of its  
Improvements to Com-  
pletion

BAY CITY, July 28.—All of the im-  
provements now under way at Seal  
Beach, Bay City, are being rushed  
through as rapidly as possible. The  
Pacific Electric Long Beach-Seal  
Beach line will probably be in op-  
eration within a short time, as the trestle  
across the mouth of Alamitos Bay was  
started last week.

The new pavilion, although not en-  
tirely completed, is ready for occu-  
pancy, the bath-house department  
having been in business since July 17,  
when it was initiated by the members  
of the Federated Improvement As-  
sociation of Los Angeles. The dance  
hall was also dedicated at this time  
by the visitors. The Bay View Hotel  
has been opened for the season.

It will not be long until the Los  
Angeles system of good roads will  
extend to Bay City, as there is a road  
bank at work at the present time on  
the section between Long Beach and  
this place. When this is completed  
Seal Beach-Bay City will be connect-  
ed with Los Angeles by a fine touring  
boulevard.

LIVE WIRE IS GORDON  
OF R. R. COMMISSION

Fullerton Tribune: Proceedings be-  
fore the state railroad commission  
with reference to the transfer of title  
from the Fullerton Domestic Water  
Company of all its holdings here to the  
city of Fullerton were very brief.  
Alex. Gordon, a member of the com-  
mission, presided Thursday morning  
at the city hall, where the session  
was held, and heard testimony on be-  
half of the city and the water com-  
pany. The latter was represented by  
its president, E. C. Sterling, of Los

## VALUES SOAR WITH STRIKE OF BIG WELL

Emory Ranch Said to be Worth  
\$1,000,000 More Since  
Flow Started

FULLERTON, July 28.—No. 3 well  
on the Emory ranch, three miles  
northwest of Fullerton, proves to be  
one of the best wells ever developed  
in Fullerton field. For more than a  
week it has been flowing over 3000  
barrels a day. The striking of oil by  
the Standard on this lease is estimat-  
ed to increase the value of the Emory  
ranch to over \$1,000,000.

There are more than 1500 acres in  
the tract which Emory purchased  
about fifteen years ago for \$30,000.  
Several hundred acres were set out  
to fruit trees but they did not do well  
on account of hard pan and for sev-  
eral years a large part of the tract  
has been planted to barley and grain.  
The Standard is drilling five wells  
on this lease and has three produc-  
ers.

Land near the Emory property  
which could have been purchased for  
a few hundred dollars an acre before  
the oil strike could now be sold at  
big prices, but is not on the market.

The North American Oil Company,  
which drilled to a depth of over 2000  
feet with a rotary outfit, has changed  
to standard tools. This company had  
had luck several weeks ago, because  
of losing tools in the well. At one  
time there was talk of abandoning  
the hole, but later it was decided not  
to, as it is hoped to have the casing  
to a depth of 2000 feet. Below this  
an attempt will be made to sidetrack  
the well.

The Standard well on the Chapman  
ranch east of town is down 2500 feet,  
with no indications of oil or gas.  
The drillers do not expect to reach  
the sand at less than 3500 or 4000  
feet.

The Petroleum Company has erect-  
ed two rigs on the Gilman ranch and  
will start drilling operations soon.

The Amalgamated has started a  
"wildcat" well on the Huadale ranch,  
three miles north of Fullerton. If a  
strike is made it will open up a new  
territory. The company has a fishing  
job on one of its new wells.

Rig No. 3 has been completed on  
the Walker-Brand lease.

The Murphy Oil Company, operat-  
ing northwest of Fullerton, is getting  
ready to bring in a well which has  
been drilling for nearly two years.

The St. Helens Petroleum Company  
has just completed a second rig.

The Dorsey Company will prob-  
ably bring in well No. 2 soon and has  
completed rig No. 3.

The Monte Cristo has erected a  
derrick at the Robinson place.  
No. 6 on the Birch Oil Company  
lease is on the pump and will be given  
a try-out this week.

The Columbia is erecting another  
new rig.

On the Brand-Stevens lease the ro-  
tary pipe twisted at a depth of  
about 3400 feet, which may mean sev-  
eral weeks fishing.

After a long delay the postoffice has  
been opened at Bea, with Mr. Sweet  
as postmaster.

## SUGGESTING WATER FRONT BE IMPROVED

Huntington Beach Has Fine  
Frontage With Exceptional  
Opportunities

HUNTINGTON BEACH, July 28.—  
Letters have been exchanged between  
the Board of Trade of Huntington  
Beach and Paul Shoup, president of the  
Pacific Electric Railway, relative to  
the proposed parking and landscaping  
of the water front of Huntington  
Beach. The water front is the property  
of the Pacific Electric Railway and  
the Board of Trade has asked for the  
co-operation of both in carrying  
out the improvements. Shoup has  
promised an early consideration of the  
subject.

Architects Stilbitt and Pardee of  
Los Angeles have prepared tentative  
plans for the contemplated layout, and  
at the same time have drawn sketches  
of a bath-house, dancing pavilion and  
hotel, three buildings which Hunt-  
ington Beach is ambitious to possess, and  
have located them in a group facing  
Ocean avenue and the proposed Bluff  
Park.

The main feature of the ocean front  
improvement as outlined is a series  
of stairways and tunnels leading from  
Ocean avenue to the water level. The  
entrances to the tunnels on Ocean  
avenue are indicated by ornamental  
light standards of an imposing de-  
sign, while the entrances from the  
water level are treated in the form of  
arched gateways, surrounded by plat-  
forms on the level of the beach bluffs.

Between the tunnels the bluff is sur-  
rounded by a natural treatment somewhat sug-  
gesting the palisades at Santa Monica.  
On the bluff it is proposed to have a  
promenade, with another one, prob-  
ably, on the sands, just below high-  
tide level. All the work is to be done  
in concrete or masonry in the most  
permanent form.

The sketches were inspected and  
discussed at the meeting of the Board  
of Trade last Wednesday.

**Artistic Opportunity**  
The water front of Huntington  
Beach gives an exceptional oppor-  
tunity for artistic development. It  
consists of a bluff twenty-five to thirty  
feet high, overlooking the sea in al-  
most a straight line for a distance of  
three miles.

About 150 feet back from the edge  
of the bluff is the Pacific Electric  
right of way and then there is another  
100 feet additional which has been  
improved into what is known as  
Ocean avenue. This entire water  
front is to be permanently kept free  
of buildings which would obstruct the  
ocean view, according to present plans.  
At the present time the parking is  
planned to extend only as far as Thir-  
teenth street.

The proposed ocean front parking  
will be a part of the main Long Beach  
to Balboa boulevard, construction of  
which has been started by the Board  
of Supervisors of Orange county. The  
roadway will be a picturesque seaside  
drive and will, ultimately, be part of  
the coast highway from Los Angeles  
to San Diego, as it is planned to ex-  
tend the boulevard to Laguna Beach  
and beyond to a connection with the  
state highway, now under construc-  
tion to San Diego.

In connection with the improve-  
ment of the ocean front, Huntington  
Beach has determined upon the pav-  
ing of four miles of streets within the  
city limits to connect with the several  
county boulevards which are now be-  
ing built into the city.

The development of the water front,  
as laid out by Architects Stilbitt and  
Pardee, will be in keeping with the  
design of the concrete pier at present  
under construction. This pier will ex-  
tend a total of 1400 feet into the  
ocean and at the land end will be met  
by approaches of a monumental char-  
acter, finished in solid concrete. The  
pier will be completed in October.

## GARDEN GROVE NEWS BUDGET

GARDEN GROVE, July 28.—T. E.  
Niles is erecting a neat modern bun-  
galow on her tract on Accacia street.  
The residence contains seven rooms.

Miss Edna Riggins, a former teach-  
er of the school here, spent a few  
days at George Reyburn's.

Dr. Baldwin and family, of El Cen-  
tro, have been visiting with Mr. and  
Mrs. J. D. Price, who are Mrs. Bald-  
win's parents.

The W.C.T.U. met with Mrs. Susan  
Chaffee Wednesday afternoon. It was  
a mothers' meeting, and Mrs. Arrow-  
smith prepared an interesting pro-  
gram. The meeting was well attend-  
ed, a number of visitors being pres-  
ent.

J. M. Woodruff and wife and daughter  
Ina returned from a trip North,  
of 1200 miles. The trip is reported  
as a delightful one.

Mr. and Mrs. W. B. Harper wel-  
comed a nine-pound baby girl to their  
home last Sunday.

There will be no services at the M.  
E. church for two weeks, on account  
of the camp meeting at Huntington  
Beach.

Mr. Harper had the misfortune to  
mash one of his fingers a few days  
ago, which makes it impossible for  
him to attend his work at the shop.

The Santa Ana Co-Operative Sugar  
Company is building a new beet  
dump north of the station. A new  
side-track will be built to handle the  
cars.

Miss Mabel Northercross has return-  
ed from a week's visit at Orange.

Miss Mabel Head, the efficient as-  
sistant at the postoffice, spent a few

## HAD A GREAT GRAFT

The superior judge in Butte county has rendered a decision declaring as illegal constable and justice fees for nearly \$3500. A justice and two constables at Chico seem to have been doing a thriving business since their offices were put on a fee basis. In one month the justice docketed 408 cases and charged up fees amounting to \$1284. Most of the cases were for vagrancy. When the justice was on a salary basis, he only had from 27 to 40 cases a month. The constables worked with him and a real official gold mine was being developed.

The supervisors rejected a lot of the claims and the court upholds them on the ground that a conspiracy to loot the county existed on the part of the justices and constables.

There used to be a graft like this in Riverside county. A Riverside man got himself elected or appointed constable at Indio, where he pulled all the hoboos off the trains, no matter which way they were going and hustled them into Riverside for the fees and especially for mileage he got out of the long haul.

Perhaps it is remembrance of those old times—for surely there can be nothing in the nature of a fees graft in Riverside county now—days—when causes the Riverside Press to remark, about the Butte county incident, that "Riverside County is to be congratulated that the new county government act for this county does away with the last vestige of the vicious fee system of paying county officials."

## PRAISED RAILROAD COMMISSION

In an address before the Commercial club of San Francisco a few days ago, B. F. Bush, the new president of the Western Pacific, stated that California, of all the states in the Union, has shown the greatest fairness in her treatment of railroad problems.

Accompanying this well-earned tribute is Mr. Bush's declaration that this result has been accomplished in face of perplexing conditions encountered in no other state of equal size and population.

This is a remarkable tribute to the state railroad commission from one of the leading railroad men of the country. The people of the state have rejoiced in the courage and independence shown by the commission during the present reform administration, and they have appreciated the improvements in service, the better protection to passengers, and the reduction in passenger and freight rates which have been enforced. On the other hand, these improvements have been ordered only after investigations of such fairness and thoroughness as to compel the respect and even the admiration of railroad men themselves. In spite of many sweeping decisions rendered in behalf of the people, the railroads have almost without exception accepted the rulings of the commission. They have been shrewd enough to see that the decisions have been so well fortified by facts, by justice and by law that the best thing for them to do was to fall in line.

If Governor Johnson's administration had achieved nothing else than the reform of the railroad commission, its work has been well worth while to the state.—Riverside Press.

On July 29 Long Beach will vote on \$375,000 bonds for sewers and incinerator and during September elections will be held for the issuance of over \$1,000,000 more in bonds for municipal improvements. The larger items are: Auditorium, \$150,000; city hall, fire and police, \$200,000; improvements in water system, \$200,000; picnic pavilion on beach, \$60,000; horseshoe pier, \$400,000.

The Los Angeles Times has begun somewhat cautiously to take the Fredericks boom for governor out of the cotton, where it has reposed for some time. The district attorney, of course, is to be the candidate of the "regular Republicans." With the Times as his principal sponsor, Fredericks would certainly make a swift race.—Riverside Press.

## Rid Your Children of Worms

You can change fretful, ill-tempered children into healthy, happy youngsters, by ridding them of worms. Tossing, rolling, grinding of teeth, crying out while asleep, accompanied with intense thirst, pains in the stomach and bowels, feverishness and bad breath are symptoms that indicate worms. Kickapoo Worm Killer, a pleasant candy lozenge, expels the worms, regulates the bowels, restores your children to health and happiness. Mrs. J. A. Brislin, of Elgin, Ill., says: "I have used Kickapoo Worm Killer for years, and entirely rid my children of worms. I would not be without it." Guaranteed. All druggists, or by mail, Price 25 cents. Kickapoo Indian Medicine Co., Philadelphia and St. Louis.—Advertisement.

## BRYAN'S CRITICS FORGET HIS PERIPATETIC PREDECESSORS

(FROM THE SAN FRANCISCO BULLETIN)

When the Hon. Elihu Root was Secretary of State he was absent the greater part of the time from his office. He spent several months on a tour of South American republics which resulted in the interchange of much distinguished consideration, but nothing else of substantial value. He also gave much attention to the affairs of a law firm with which he was connected, whereby he profited to an extent that made the wolf keep a respectable distance from his door. Also, Elihu accepted a certain lecture engagement in the State of New York at the time Willie Hurst was running for Governor, an incident that has not been forgotten or forgiven after numerous years.

Also when Hon. Philander Knox was Secretary of State he was a most diligent absentee. When he wasn't visiting the millionaires' club at Pittsburgh he wasn't in Washington. He preferred to be where business and dollar diplomacy called. He visited Nicaragua three or four times and managed to involve the country in an international scandal that injured our prestige in every part of Latin America. He made several trips to the canal zone for no visible reason except to keep a warship in commission. He toured the North, the South, the Middle West, the far West and the

Pacific Slope—wherever the talking was good and Washington was remote. He rounded out a four-year term of circumambulation by visiting Japan to attend the funeral of the Mikado, and on the side taking a first-hand glance at the securities for the Six Power Loan to China, for which he was stacking the cards for American bankers.

No one found the slightest fault with the roving propensities of these eminent reactionaries. Everyone agreed that the affairs of state were in safe hands with John Bassett Moore, and that Elihu and Philander were much better employed spreading wisdom in foreign parts and hobnobbing with their countrymen at home. But it was very different when poor Mr. Bryan succeeded to the job. Every standpoint organ in the country let loose a war whoop when the Nebraskan made a speech somewhere and was absent over night from Washington. A stop-watch has been kept on his movements from that date, and the people of the United States have learned of his various lapses in the line of duty.

This may be sound doctrine, but why find it out at this late date? What was blameless in Root and Knox is found most reprehensible in Bryan. The fine distinction seems to be one of men not of morals.

## CRAZED BY NEGLECT WOMAN KILLS HUSBAND

LOS ANGELES, July 28.—Mrs. Leah Delmont, a young Belgian, driven to distraction by constant abuse and the parading of her intimate friend as a domestic rival, shot five times and killed her husband at her home, 511 North Main street, early yesterday morning.

Lewis Delmont, the victim, was an automobile salesman, carrying on his business in Santa Monica. He was 39 years old. His wife is now incarcerated in the city jail, crucified by grief and bearing marks of extreme brutality.

When found, she was huddled over the dead body of her husband, begging him to forgive her. She stated she had been married to Delmont five years ago in San Francisco and yesterday was the anniversary of their wedding.

She has no relatives, and her mother, with whom she came to America, perished in the San Francisco fire. In addition to her husband, she has been supporting two half-brothers and a maiden aunt.

## LOS ANGELES SEWER DESTROYED BY FIRE

LOS ANGELES, July 28.—A peculiar fire, which caused members of the fire department to work for more than two hours with chemicals and picks, destroyed nearly 300 feet of a wooden storm drain between Twelfth and Harrison streets and just off Western avenue early yesterday morning. How the fire started in the wooden drain is a mystery.

The drain, which runs parallel with Western avenue, and is about 400 feet in length, is about six feet square and made of heavy boards. It is considered possible that mischievous boys put paper in one end and lighted it.

The fire was noticed by a policeman who saw smoke rising from the ground and was puzzled by the fact. When the department arrived the fire had scattered along the inside of the drain, and holes had to be chopped in the wood and chemicals thus applied in fighting the fire.

## ORANGE CROP PROSPERS IN NORTHERN SECTION

PORTERVILLE, July 28.—Unless there is some unforeseen calamity or chardists in the Cope de Oro orange district will harvest an unusually large crop this year. Although four months in advance of harvest, the trees are so heavily loaded with fruit that growers are propping them up.

The fruit is forming nicely and will run mainly in large sizes. It is stated by experts that the crop will be earlier than usual this year.

## ALASKAN MINER INVENTS GOLD FINDER

TACOMA, July 28.—After working for years John Flintzen of Ketchikan, Alaska, believes he has perfected a reliable gold magnet that will locate mineral gold in ledge or placer form. To obtain such an instrument has been the dream of miners for centuries. Recently Flintzen was ready to turn his discovery over to a committee for a public test. The committee comprised W. F. Gore, an English mining man; J. R. Heckman of Ketchikan; Capt. Connell and A. A. Wakefield, mining engineers.

Flintzen's gold stick was tried out on hills of Prince Wales Island back of Ketchikan. The committee was unanimous in its verdict that there was something about the gold stick that had an affinity for auriferous spots in the ledges. They could not understand the attraction and wanted to make further tests. Quantity of gold coin from the bank was hidden under one of four boxes. The instrument located the coin instantly. The coin was taken elsewhere and again the gold stick made good. Further tests are under way. Flintzen's friends believe he will be able to locate gold deposits near the surface anywhere on earth.

## \$640.40 PER YEAR AVERAGE INCOME OF AMERICAN FARMER

WASHINGTON, July 28.—Farming is not the most profitable business in the world, railroad press agents to the contrary notwithstanding, according to a bulletin of the department of agriculture.

For the first time in the history of farming in the United States the department has managed to get accurate data on the subject.

It reports that the average income of the American farmer is \$640.40 per year. "It is reasonable to infer," says the department, "that at least half of the farm families in this country have even smaller incomes."

"Individual farmers here and there have incomes larger than this average, but the facts indicate that on the whole the incomes of the farmers in this country, even when we include as a part of the income those things consumed on the farm where they are produced, is certainly not more than sufficient to pay 5 per cent on the investment and ordinary farm wages for the labor they do, and it is probably considerably less than this."

Registered Voters! Sign the eight-hour initiative petition at Hawley's gun store, 215 W. Fourth street, before August 1st.

## BABY QUARANTINE STATIONS OPENED

BERLIN, July 28.—The first quarantine station for babies was opened today at the Kaiserin Auguste Victoria Hospital. Hitherto only babies suffering from contagious diseases have been isolated at the hospital, but now all babies will be quarantined before admission. They will be kept in rooms with glass walls and ceilings, each ten feet long and five feet wide, equipped with bed, bath and every other accessory for the comfort and needs of its occupant. If the results are satisfactory quarantine stations for babies will be established all over Germany.

## WHO CARES ABOUT REVIVING DEAD RATS?

BOSTON, Mass., July 28.—A discovery which may prove to be of highest importance in the resuscitation of drowned persons has been made by Dr. G. W. Eastman, a Lynn physician, and his associate in the former's laboratory. Electrical experiments on a drowned rodent led to the discovery which is considered of prime importance in medical circles. The rodent was placed in water till pronounced drowned by Dr. Eastman and then placed in a field of action of a high tension low frequency current. Soon it began to stir and before long was on its feet running about.

MORE JAP LAND COMPANIES  
SACRAMENTO, July 28.—Thirteen more Japanese farming and other companies filed articles of incorporation Saturday with Secretary of State Jordan. This makes a total of thirty-six Japanese concerns which have been incorporated under the state laws during the last ten days, all stating that the acquiring of land is one of their purposes.

## RIOT OF MILITANTS BREAKS ALL RECORDS

Sylvia Pankhurst Attempts to  
Lead Assault on Premier  
Asquith's Home

LONDON, July 28.—Sylvia Pankhurst, the militant suffragette, who was out on license under the "cat and mouse" law, was the leader of a suffragette demonstration yesterday which surpassed all previous Sunday afternoon affairs of the sort. In the rioting which followed, Miss Pankhurst was rearrested and taken to Holloway jail.

The meeting, held in Trafalgar Square, by the Men's Federation for Woman's Suffrage and the East End branch of the Women's Social and Political Union, had been announced in advance and this fact and also a rumor that a charge upon Premier Asquith's residence with resolutions were planned, brought enormous crowds into the square.

"On to Downing street," proved to be the watchword, and but for vigorous work by the mobilized police, who arrested Miss Pankhurst and twenty men and women supporters, there would have been window-smashing and perhaps worse damage at the Premier's house. The procession of men and women marched from Whitechapel to Trafalgar Square followed by constantly growing crowds.

Miss Pankhurst made a dramatic appearance from among the crowd and was dragged to the plinth of the Nelson column amid great cheering. "The time for speaking is over," she said. "Deeds, not words, are wanted. Let us go to Downing street."

The huge crowd, Miss Pankhurst leading it, then moved down Whitehall toward Downing street. A platoon of police formed a cordon across the road, aided by a blockade of wheeled conveyances. Mounted police then rode into the crowd, scattering it and driving the people down side streets, while officers in plain clothes got possession of Miss Pankhurst after a fist fight with her body guards of East End youths.

## MRS. PANKHURST WAS GIVEN OVATION

LONDON, July 28.—Worn and emaciated by her hunger strike, Mrs. Pankhurst appeared today at the weekly suffrage meeting in London pavilion and was given an ovation. She led a sick bed to attend. She had to be carried from the automobile to the platform. The police didn't interfere, although under the "cat and mouse" act they are empowered to arrest her at any time.

Twenty-four men and women arrested in the suffragette riot in Trafalgar Square were tried today. They were given the alternative of paying fines or going to jail, and the majority went to jail.

## JOE BAILEY THREATENS RACE FOR GOVERNOR

AUSTIN, Tex., July 28.—Something of a stir was caused in Democratic circles by the statement of close friends of former Senator J. W. Bailey today that he has decided to make a race for governor next year and a formal announcement of his candidacy probably will be made by him in a public address he will deliver at Pilot Point August 6.

Coincident with this development came the announcement of former Congressman Thomas H. Ball of Houston that he has retired from the race.

## CALIFORNIA BIRTHS LEAD DEATHS 7 A DAY

SACRAMENTO, July 28.—One birth every 13 minutes. One death every 14 minutes. One marriage every 17 minutes. This is the way life goes in California, according to the analysis of 1912 vital reports made by Statistician Leslie of the State Board of Health. His figures for the year show a total of 39,330 births, or 107 per day; a total of 36,709 deaths, or 100 per day; and a total of 31,276 "conquests of Cupid," or 85 every 24 hours.

## SAW NEPOLEON IN RETREAT FROM MASCOW

Philadelphia Woman Who Died  
at 109 Had Two Hundred  
Direct Descendants

PHILADELPHIA, July 28.—Philadelphia today challenges the country to present a parallel to the case of its oldest woman inhabitant who died recently at the age of 109 years, Mrs. Freda Vidletzky. Mrs. Vidletzky had never been sick in bed and she died without enduring any suffering. Her great grandsons today presented papers to the city authorities which prove beyond any doubt that their grandmother was 109 years of age. So far as is known she was the only person living who had personal recollection of Napoleon Bonaparte.

According to her great grandson, Philip Narminsky, 830 Pearce street, at whose home she died, more than 200 direct descendants, including several children, eleven grandchildren and seventy-four great grandchildren in this country today are mourning her death. Narminsky says there are three children, twelve grandchildren and at least ten great grandchildren living in Russia.

Mrs. Vidletzky was born at Shemlino, Russia, in 1804. At six years of age her parents went to live at Smolensk, a small town from the outskirts of which she watched the retreating soldiers of Napoleon on their return to France. She says that she was nearly run down by Napoleon himself, on horseback, when she ran across the road.

Mrs. Vidletzky came to America after the death of her last husband when she was 99 years old. She made the voyage in the steerage. She was married four times, having divorced her first three husbands. The aged woman up to the day of her death aided her great granddaughter-in-law with the housework. She read Russian and Hebrew without the aid of glasses and her hearing was excellent. Up to two years ago she had lost none of her teeth. She learned to speak English fairly well after she came to America, and often expressed a wish to live until Pennsylvania granted women the vote.

## SHORTER HOUR LAW FOR PENNSYLVANIA WOMEN

HARRISBURG, Pa., July 28.—Governor Tener has approved the bill reducing the working hours of women from sixty to fifty-four a week, with not more than ten hours a day. No female under twenty-one years of age is permitted to work in a manufacturing establishment all night.

## SOCIETY

### Enjoyable Affair

A very enjoyable time was had Sunday at the home of Frank Ritchey, near Laguna, in honor of Rev. Arthur Ritchey, who will leave for his home in York, Neb., in a few days; and also to celebrate the birthday of H. S. Warner and Edna Ritchey. The party, composed of forty-three relatives, motored down and enjoyed a picnic dinner under the spreading live oak trees.

Those present were Frank Ritchey and family, Arthur Ritchey, Mrs. Riley Hawkins, Mr. and Mrs. Snell, W. M. Stearns and family, J. B. Hayton and family of Orange, H. S. Warner and family of Orange, C. Wallace and family, Elwyn Stearns and family, W. D. Ruddell and family, Geo. Jamar and wife of San Pedro, L. E. Ruddell, wife and baby of Los Angeles, Miss Sibbey of Los Angeles and Miss Altha Meacham.

### Entertains With Dinner

Mrs. Arthur Humphrey of 1027 South Main street entertained with a charming dinner Friday evening at 6:30 in honor of her mother, Mrs. C. F. Cooper, at which several of Mrs. Cooper's friends were present.

The dinner was a lovely six-course collation. Decorations of asparagus ferns and Shasta daisies were used in the parlors and on the dining table. The place cards were of dainty hand-painted daisy design. Music and conversation were enjoyed during the evening.

The guests were Mrs. Abercrombie, Mrs. Wilson, Mrs. Wild, Mrs. Huntington and the honoree, Mrs. Cooper. Miss Minnie Wild assisted Mrs. Humphrey in serving.

### Return from East

Mrs. E. H. Majors and little daughter, Alice Eugenia, returned home yesterday noon from an extended Eastern tour. Mrs. Majors was called East three months ago on account of the serious illness of her mother, Mrs. Woodworth, who was forced to undergo a dangerous operation but who has entirely recovered. Mrs. Majors reports much recent hot weather in Texas and in her home in Louisiana, the temperature rising to 104 and 106 in the shade there.

After a long visit with her relatives and friends in Louisiana Mrs. Majors visited in Omaha and Kansas City and stopped over at Denver, Colorado Springs and Salt Lake City.

Mrs. Majors enjoyed the trip immensely and is in very good health, but says she is glad to be back in Santa Ana with her many friends.

### W. R. C. Will Entertain

Sedgwick W. R. C. No. 17, will entertain the new Department President, Mrs. Kate Reed Field, and her staff, also the Department Commander of the G. A. R. and his staff, together with Sedgwick Post No. 17, at the Army at 2:30 p. m., Thursday, July 31.

A chicken dinner will be served at 5 p. m., with Mrs. Kessie Ferguson, chairman of the executive committee, in charge.

Mrs. Katherine Fisher is the president of the corps, and as this will be a very important day for the W. R. C., the ladies are looking forward with much pleasure to the meeting of the local members and the department officers of California and Nevada.

### Birthday and Farewell Dinner

A very happy family dinner was that given yesterday at the home of J. C. Welles in honor of the birthday of Mr. Welles and in honor of his sister, Mrs. J. W. Mann, who has been visiting in Santa Ana for the past month.

A color scheme of pink and white was used in the decorations, flowers and greenery being on the dinner table and in the parlors.

Only the immediate relatives were present. They were: Mrs. J. W. Mann and children, Robert, Homer and Doris; Mr. and Mrs. W. R. Howell and children, William and Mary; Mr. and Mrs. B. Welles and daughters, Doris and Helen, and Mr. and Mrs. J. C. Welles and daughter, Josephine.

Mrs. Mann has spent the past month in Santa Ana. She leaves next week for her home in El Paso, Texas.

### At L. O. F. Hall

The Rebekah lodge meeting Saturday evening was an interesting one. The newly elected officers were in charge. Their successful work Saturday evening gave promise of a

good year for the lodge under their guidance.

The officers are: India Cozad, Noble Grand; Eliza Adams, vice grand; May Curtis, recording secretary; Alice Whitney, financial secretary; Edna Wilkinson, treasurer.

Three applications were received for membership at the meeting Saturday evening. The fact that the next meeting night, August 9, marks the twenty-fifth year of the organization of the lodge, was the occasion of plans for a celebration of the event. The entertainment Saturday evening was under the direction of Mrs. Chandler and helpers. The refreshment tables in the banquet room were prettily decorated and the light refreshments served much enjoyed by the ladies of the lodge.

### At Camp Inwood

Many of the young people of the First M. E. church of Santa Ana are attending the Epworth League Institute at Huntington Beach Tent City. Four large tents, which have been named "Camp Inwood" by the party, in honor of its pastor, have been filled to their utmost capacity.

Upon the arrival of Dan Brummitt, editor of the Epworth Herald and leader of young Methodism, a rousing welcome was given him by the members of the Santa Ana party, who turned out in full force.

The following are among the young people of Santa Ana who have registered at Camp Inwood: Gertrude Snow, Naomi Lilly, Annis Snow, Ruth Burns, Esther Hanning, Grace Griggs, Thelma Price, Bessie Hanning, Ruth Inwood, Ida Hanning, Johanna Veenschoten, Anna Mickelson, Alice Clausen, Helen Johnson, Hattie Anderson, Myrtle Schilling, Mrs. J. Veenschoten, Mrs. L. Hendrickson, Mrs. Stella Morehouse, Messrs. H. E. Murkett, John Van Wyk, Louis Penland, Carlton Lilly, Charles Doty, Floyd Geyer, Henry Veenschoten, Marshall Greathouse, Horace Snow and George Alsbach.

### MUFFLER OPEN AND RIDER IS ARRESTED

B. H. Cole, a motorcyclist, was arrested yesterday by Officer Davenport on a charge of operating a motorcycle with the muffler open.

L. Talmadge and L. and O. Woodall have been arrested by Officer Woodruff on charges of riding their bicycles on the sidewalk on East First street.

### FRANK EY IS BACK FROM A TRIP NORTH

Frank E. chairman of the Board of City Trustees, returned yesterday from a three weeks' trip in which he visited San Francisco, Oakland, Berkeley and the Napa Valley. While away he visited his sons, who are located in that section of the state.

### Has Apartment House

The Long Beach Press states that Mrs. R. E. Nickey, formerly of Santa Ana, well known in Long Beach and a woman of experience in apartment house business, has purchased the Meacham apartments at Pine and Broadway and is busy making the changes and improvements a new owner always thinks necessary.

While the Meacham is practically new, only having been opened last January, Mrs. Nickey will add to the furnishings to make the house more attractive. A new piano installed and one of the rooms fitted up for a parlor will be much appreciated features.

Mrs. Nickey's daughter and husband, Mr. and Mrs. Freeman McKenzie, have returned from a trip.

### ATTENTION, ELKS!

Those who will attend the picnic at Ballona on Wednesday, July 30, will please meet at Elks Hall at 2 p. m. of that day, where conveyances will be provided. Those having conveyances of their own and who can accommodate others than their own family or party will please notify the committee. Badges will be furnished to all Elks and their ladies. A charge of One Buck (real coin of the realm) from each Elk attending, for badges for himself and party, will be the only expense of the trip.

E. S. MORROW, Chrm. Com.

### WOMEN VOTE TOWN DRY

SHAWNEETOWN, Ill., July 28.—Returns today show women outvoted the men Saturday at the first election in which the former ever participated in Rosiclare, Hardin county, and elected a "dry" candidate for city clerk.

Of the 107 women who voted, 105 cast ballots for the "dry" candidate.

## Personals

Mr. and Mrs. C. J. Segerstrom and daughters Ana and Ida are enjoying a ten days outing at San Diego and La Jolla.

Miss Bertha Bates left Sunday for a visit with friends in San Bernardino. She will spend a week, also camping in the mountains before coming home.

Mr. and Mrs. Roy Dickey returned to their home at Von Shirlitz Saturday from Hemet, San Jacinto, Idylwild after a month's visit.

The Misses Humphreys and Cuhilton of Los Angeles were over Sunday guests at the home of Dr. and Miss Boyd, Saturday evening a number of friends and neighbors spent the evening at the Boyd residence in conversation and in an informal jolly time.

Mr. and Mrs. George Young and family and Mr. and Mrs. Horace Fine and family and Miss Isabel Lopez motored to Long Beach yesterday, where they spent the day.

Mrs. D. J. Lane of Saint Marys, Kansas, is a house guest at the home of J. R. Paine and family on North Main.

Mrs. Lane, Mrs. Paine and Miss Easton were convent class mates in girlhood days, and this is the first meeting of the trio in over twenty years.

Mr. and Mrs. Frank Gabbert of Los Angeles and Mr. and Mrs. A. C. Mott of Ocean Park, were dinner guests yesterday at the home of Mr. and Mrs. George S. Briggs of 644 North Broadway.

Mr. and Mrs. G. J. Dickson and Mr. and Mrs. C. P. Adley of Oakland arrived in Santa Ana yesterday and will stay at the home of Mr. and Mrs. Harry Jensen until Friday when Mr. and Mrs. Adley and Mr. Dickson will return to Oakland. Mrs. Dickson, who is the daughter of Mr. and Mrs. Jensen, will visit here in Santa Ana. On August 15 Mr. Dickson will return here and will spend two weeks before going back to Oakland with Mrs. Dickson.

Miss Mary Hallmark has just returned from an extended visit with relatives in Grand View, Texas, and is now staying at the home of S. P. Hamilton. Miss Hallmark has been East since last December.

C. C. Langley and family motored to J. R. Paine canyon yesterday and spent the day.

Mr. and Mrs. D. W. McDannald and son, Rex, and Mr. and Mrs. Winn, drove to Corona last Saturday. They returned yesterday afternoon.

Mrs. A. A. Jones and daughter, Eunice, and Mrs. E. L. Madden went down to Huntington Beach today for a week's outing. They will attend the Brown-Curry meetings while at the beach.

Mrs. F. B. Todd of Lawrence, Kas., and Mrs. Frank Dunlap of Horton, Kas., are visiting at the home of Mr. and Mrs. J. E. Printice.

### RED SPIDER THREATENS DAMAGE IN TULARE

VISALIA, July 28.—That there is serious danger of immense damage to the deciduous orchards of this county from attacks of red spider, if the orchardists do not take immediate steps for the control of the pest, was the statement here today of R. M. Roberts, the horticultural expert of the Santa Fe railroad, who is in charge of the San Joaquin Valley work. "Over a radius of nearly forty miles," said Roberts, "the spiders are spreading rapidly. In many cases deciduous trees have been entirely denuded of their foliage. Each year the trees are neglected the danger becomes more serious." Roberts says the pest is easily controlled and he advises county ordinances compelling the use of the proper sprays. There has been no evidence as yet in this district of the dangerous red spider of the variety which attacks the citrus trees.

### LONG BEACH PASTOR FREED OF CHARGES

LONG BEACH, July 28.—With the other members of the board of elders and Rev. O. H. L. Mason standing alongside of him on the platform at the morning service at the First Presbyterian Church, C. F. Iredell yesterday read the resolutions adopted at the board's meeting on Friday evening. The resolutions stated that Dr. O. H. L. Mason, the retiring pastor, had resigned because of impaired health; they discredited the street rumors about Dr. Mason, and commended him to whatever place he might be called. Mr. Iredell also read a statement of his own, mentioning that W. Patton Wilson and Albert Johnson had resigned as members of the board of elders.

Dr. Mason, before preaching the morning sermon on "Bitterness and Joy," spoke briefly, pleading to the members of the church to support the elders in procuring a new pastor and cementing the membership of the church more firmly together.

### ACTION PROMISED ON CURRENCY BILL

WASHINGTON, July 28.—President Wilson has received further assurances from leaders in congress that his program of currency reform will receive a favorable action at this session of congress. These assurances have been made in the face of the sharp split among Democrats of the house banking and currency committee.

## The "Sweat Shop"

Why not know where your boy's clothes come from?

Are they made in bright, healthy and sanitary shops?

We believe it means much to your boy's health. We go into matters of this sort as much as getting best values for you.

Investigation has shown us under what bright, healthy and happy conditions "Hercules Clothes" are manufactured.

For that reason we are agents for "Hercules Clothes."

No higher price—but cleaner—made better.

\$5, \$6 to \$10

Vandermast & Son

Rapid progress has been made on the tariff bill in the senate and the President and his congressional advisers have been encouraged at the prospect of the passage of the tariff bill much earlier than had been expected. Republican senators, defeated at every turn in their efforts to amend the L. O. C. have given way on much of their proposed opposition. While the Democrats of the house currency committee have found it impossible to agree on the Glass-Steagall bill, the house leaders and President Wilson believe the measure can be whipped into shape in a Democratic caucus, if it is necessary to adopt that course.

Further efforts will be made this week to bring the house committee members together on the bill, but in case the attempts fail, the administration is prepared to push the currency measure into the house without delay.

Home made Coffee Substitute, made in Santa Ana. Trial package 10 cents. Every grocer in town has it.

## BICYCLISTS IN COLLISION

Herbert Sutton of Orange Has Face Bruised in Fall When Two Bikes Met

(By Staff Correspondent.)

ORANGE, July 28.—Herbert Sutton of West Orange received painful injuries Saturday evening when he collided with a boy at the corner of Main street and Chapman avenue, both being mounted on bicycles. The riders came together hard and Sutton was thrown on his face, which was badly bruised. The other escaped unhurt though his straw hat was smashed and his bicycle damaged.

Mr. and Mrs. Vard Hannum of Anaheim spent Sunday at the E. S. Painter home in this city.

Miss Maude Lewis was with her mother, Mrs. C. I. Lewis.

Miss Kathryn Dyer is spending a week in Brea with her sister, Mrs. S. A. Salveson.

M. B. Tomblin, who has been visiting here with his brother, A. L. Tomblin, of East Palmyra avenue, left this morning for his home in Boulder, Colorado.

C. M. Dyer and Carl Pister spent Sunday in the Santiago canyon.

Mrs. J. V. Sutton and Miss Sadie Sutton of West Orange have returned from a stay at Newport Beach.

The Misses Nellie Ainsworth, Mae Ainsworth, Ella Sutton, Ruby Campbell, Ruby Hostetter and Mrs. A. P. Morey returned yesterday from a week's visit at East Newport.

Mr. and Mrs. Clyde Mack of Los Angeles, visited their daughter, Mrs. Hugh Manott, on East Washington avenue yesterday.

Mr. and Mrs. L. L. Collins returned Saturday from a month's visit at Yosemite, Oakland and other points.

Mrs. G. W. Gates has recovered from an attack of fever.

Mr. and Mrs. S. A. Woodford and family, and Mr. and Mrs. Oscar Kless and family of Los Angeles spent yesterday at the S. H. Woodford house, 267 North Orange street.

Miss Flo Hutchison returned Saturday from an extended visit in Kansas City, Kas., where she went in company with her uncle, Dr. W. B. Wood of South Pasadena.

The Misses Millie and Hattie Luchan, Rose and Bertha Krueger, Tony and Ella Ristow, Tillie Bandick, Emma Schnackenberg and Dora Mueller, with Mr. and Mrs. Schwindelstock and family as chaperones, have gone to Newport Beach for a ten days' outing.

Miss Mabel Nash of Los Angeles, visited here yesterday at the home of her uncle, George C. Woods, on North Olive street.

Mrs. M. C. Brandriff and son, George, returned last evening from an outing in the hills near Mt. Wilson, where they went as the guests of Mr. Fred Wheeler of Los Angeles.

Mrs. M. F. Bradshaw came up from Arch Beach yesterday, but will return to the beach today.

Mr. and Mrs. A. F. Bonestell, who recently sold their ranch north of Orange, are located at 419 South Glassell street.

Glen Purviance and Lester Lightbail left this morning for Laguna Beach, where they will spend several days.

Mr. and Mrs. F. E. Masters and family moved to Richfield Saturday to make their home.

## WORLD CAMPAIGN TO PROTECT BIRDS

ROME, July 28.—Announcement was made today at the International Institute of Agriculture, which was founded by King Victor Emmanuel on the suggestion of David Lubin of Sacramento, Calif., of a world-wide propaganda for the protection of all birds that are beneficial to the farmer in destroying insects and crop destroyer birds. The campaign, according to the plan announced today, will be started simultaneously in all of the fifty-three nations which have permanent delegates at the institute.

Had a Good Start

Pimston is living ahead of his income. "You are right, if Pimston were to stand still for five years, I don't believe his income would overtake him."—Birmingham Age-Herald.

Hours: 9 a. m. to 5:30 p. m. Night or Sunday by appointment.

## PLUMBER SHOP IS DAMAGED

Fire Broke Out in Wooden Building at Orange Yesterday Morning

(By Staff Correspondent.)

ORANGE, July 28.—Yesterday morning fire broke out in the plumbing shop owned by W. H. Richardson on North Glassell street, and several hundred dollars damage was done. The stock of fixtures was badly damaged. It is probable that the building, owned by Alfred Leach, will have to be torn down.

It is not known how the fire got its start. It was discovered about 2:30 o'clock, and a fire alarm brought out the department. Good work was done in putting the fire out and in keeping it from spreading to other nearby wooden buildings.

The loss on the stock of the shop is estimated at \$2000, insurance \$2500. The loss of the building is estimated at \$500, no insurance.

## SCHOOL HEAD FOR SIXTY YEARS AND STILL ON THE JOB

EASTON, Pa., July 26.—Sixty years superintendent of the schools of Easton and still holding down the job today is the unique record of William G. Cottingham, appointed by the city fathers in 1853. It is believed the record has not been equaled in any other city of the country.

Although few school superintendents can point to a term of service within five or ten years of this record, there are a number who have served notably long terms. In the city school chapter of the bureau of education report, W. R. Hood gives the following interesting statistics:

"Superintendent James M. Greenwood, of Kansas City, Mo., is retiring this year after thirty-nine years of service. Superintendent Glass of the Lynchburg, Va., public schools has served in that capacity since 1879. Superintendent Phillips has been head of the Birmingham, Ala., schools since 1883. Superintendent McClymonds has served at Oakland, Cal., since 1883. Jacob A. Shawan was appointed superintendent of public schools 24 years ago, and he is still serving in that office at Columbus, Ohio. Henry Snyder has been superintendent of public schools at Jersey City, N. J., for 21 years. Charles M. Jordan has been superintendent of the Minneapolis schools for 20 years, and Charles W. Dean has served in the same office at Bridgeport, Conn., a like term.

Not Unreasonable

"Boy wanted for sausages," runs an announcement in a butcher's shop at Harlesden. It sounds unappealing—yet no doubt a boy is the proper accompaniment for the mashed—London Opinion.

## AIR YACHTING IS MARTIN'S LATEST

Local Aviator Joins Chicago Society Women in Creating New Division

CHICAGO, July 28.—Air yachting as a sport of Chicago society made its debut yesterday at the summer home of Harold R. McCormick in Lake Forest, when Mrs. James Ward Thorne and Mrs. Morris Johnston accompanied Glenn Martin, the Santa Ana aviator, in his airboat on a seven-mile trip over Lake Michigan.

The event marked also the inauguration of "aviation teas" as a social function when luncheon was served at the McCormick home in honor of Mr. Martin, who made a week-end visit to Lake Forest in his flying craft.

Both Mrs. Thorne and Mrs. Johnston, who are the first women of Chicago's social set to fly in an air yacht, expressed themselves as delighted with the trip. Another feature of the afternoon's entertainment was Mr. McCormick's initial flight in his new flying boat, recently purchased from Glenn Curtiss, one of the guests at the aviation tea.

Martin first made a trial flight in his craft, which is built to accommodate four passengers. Upon his return he yielded to the solicitations of Mrs. Thorne and Mrs. Johnston, Lake Forest neighbors of the McCormicks, and they climbed aboard.

Immediately Martin headed for the open lake. The boat sailed to a height of 350 feet, but the passengers showed not the slightest alarm. At this point Martin released his hold upon the levers and flew for almost a minute with his arms outstretched, just to show how safe the craft was when once under way.

About seven miles from shore the boat was turned and the bow headed again for land. When the aviator and his passengers had reached smoother water again and were in plain view of those who had been following their movements from shore with field glasses, Martin executed a series of figure eights, twists, turns, loops and dives which both of the passengers declared they enjoyed more than any other part of the journey.

"I expect I shall have to take a great many more women passengers on air yachting trips now," said Martin as his passengers stepped smiling from the craft and expressed their delight at the experience. "I have promised almost a hundred wives of prominent Chicago men that if I took anyone I would take them. I stand ready to make good my promise. There is really not too much danger if one does not go too high."

Following the day's sport Martin sailed back to Chicago, where he alighted at the foot of Twelfth street thirty minutes after leaving Lake Forest.

## CONGRESS OF REFORMS SOON

Program for Important Meetings to be Held August 4 and 5 Given

A Congress of Reforms is to be held in Huntington Beach August 4 and 5. The W. C. T. U. will hold the regular quarterly executive meeting on Monday at 10 o'clock at the Auditorium, and at 1:30 p. m. A Congress of Reforms will be opened and continue through till Tuesday evening. Every woman in the county should be interested in this meeting as it is to be of an educational nature and every one is cordially invited. This is the program which will be given:

1:30. Congress called to order by president. Temperance Singing School by Mrs. Hattie E. Young of Los Angeles. Welcome, Mrs. Belle Rogers, county W. C. T. U. president.

### OWN A FARM IN TULARE COUNTY

Pay in cash (\$700 to \$1000 on 20 acres)—balance in 1919. Diversified crops are the farmer's safeguard. Yields of \$100 to \$300 an acre are realized from oranges, olives, peaches, figs, seedless grapes, melons, berries, Turkish tobacco, alfalfa, etc., etc.

The Oroshi district is safe for oranges. The navel crop is shipped by December 15th. Our illustrated folder with map may mean much to you. Send for it.

## AUDITORIUM WAS PACKED

Over 4000 People Heard Sermon at Camp Meeting Yesterday

HUNTINGTON BEACH, July 28.—With 4000 persons packed into an auditorium with a seating capacity of 2500 and with many more crowding windows and standing six deep in the pews, Evangelist John Brown, at the Methodist camp meeting here, demonstrated yesterday the drawing power of the old-time religion.

The choir of more than 100 voices, under the leadership of Evangelist Calvin Curry, showed the same enthusiasm and fervor that marked the immense congregation, and the hymns rang out in one great peal of melody. Evangelist Brown's sermon was based on the life of Demas, an example of back-sliding, a man who turned traitor to Christ.

"All the vows of loyalty you take," said the evangelist, "whether to country, wife or lodge, do not mean what the vows you take to Christ mean. The sin of disloyalty to God is the blackest and most hideous of sins. Better be a traitor to the dance, the card games and the social glass than be false to Him."

In honor of Dr. Dan Brummit of Chicago, now one of the lecturers before the Epworth League Institute at the camp meeting, a banquet of 1000 plates will be served at Hamburger's Cafe in Los Angeles on the evening of August 4. Rev. Dr. C. E. Locke of the First Methodist Church of Los Angeles will act as toastmaster. Dr. Brummit is editor of the Epworth League Herald at Chicago and the author of several effusions on young people's work.

## PERUVIAN ENVOY LIKES CALIFORNIA

Los Angeles Tribune: Senor Don Federico A. Pezet, Peruvian minister to the United States, who arrived in Los Angeles yesterday morning to be the guest of the Chamber of Commerce for several days, is responsible for a brand new reason for falling in love with California.

"I love your California," he said, "because in every way—climate, scenery, products, topography and opportunity—it is so much like my own country. I love your whole country, for that matter, and to prove it here is my son, who is an attaché of the Peruvian legation in Washington. A. Washington Pezet, born on the birthday of his great namesake."

"There is a remarkable similarity in every way between California and Peru. Both produce oranges and all manner of tropical fruits, oil and gold; your state and my country both have a narrow coastal plain with close-in mountain ranges and deserts behind them—and Peru has started the same sort of irrigation with which you have made such a wonderful success."

Predicts Manufacturing Center "But even though both produce so many of the same things, we have a great deal of commerce with each other. We send you cane sugar and oil with paraffin base, and you send us oil with asphaltum base and some wheat. There is no reason why Los Angeles should not become a manufacturing center, and in that case think of the opportunities for trade with us and the rest of South America."

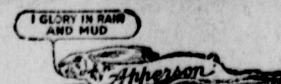

Santa Ana Painless Dentists, 102½ East Fourth St. Main 263.

Strictly home made bread and pastry. Delivered. Call Murphy, 4923.

## YUCAIPA VALLEY AS A SUMMER RESORT

It has not heretofore been so advertised, but Yucaipa has such a delightful summer climate that people actually go there to escape from the heat in the lower valleys and enjoy the shade and cool of the nearby canyons. And the beauty of the magnificent orchards, and the wealth of summer fruits makes it attractive at this season of the year. You ought to see the valley now in all its glory. The improvements and developments go on apace, the finest in Southern California. Truly it is a "Valley of Opportunity." Eleven thousand acres in our tract, all under irrigation. Yucaipa is strictly a high class proposition, in location, in soil, in its irrigation system, in its products, and no experiment. Go with us on a one day trip by rail and automobile and see for yourself the very best proposition in Southern California. We go up every week. Only 64 miles away. Only \$3.40. Phone 970 W.

Thompson, deceased, and for the admission of the same to probate, and that Letters Testamentary be issued thereon to her at which time and place all persons interested therein may appear and contest the same.

Dated July 22, 1913.  
W. B. WILLIAMS, County Clerk.

**NOTICE**  
This for the construction of an addition to the nurses' home of the Santa Ana Hospital will be received until August 2nd, 1913, 7 p. m. Specifications and plans can be obtained at Dr. Hall's office, Spurgeon Block, Santa Ana, California.

The association reserves the right to reject any and all bids.  
C. D. BALL, Manager.

**Wanted to Buy or Exchange Property**  
Have you any property either improved or unimproved that you would exchange for Los Angeles improved or unimproved property, or sell? If so write us in detail or call. We are the brokers that are doing the business in the lease and furniture of real estate of apartment houses and hotels. This is our specialty. Reference: Citizans Trust and Savings Bank, Los Angeles.

**WILTON, HAHN & BISHOP**  
627 Story Bldg., Los Angeles.

### For Sale or Trade

10 Acres of oranges. 4 acres in navel, 6 acres of valencias (13 full bearing walnuts, crop last year \$138.) 2 miles from 4th and Main streets, Santa Ana. 6 room modern house, barn etc. Will take lots or house up to \$3500.

10 acres of land, 6 1/2 acres of walnuts, rest vacant, 1 acre in family fruit, 7 inch well, barn, etc. 4 room Calif. house, wind, mill and tank, plenty of water. Will take lots or house to the value of \$2000. This is a good chance for a couple to get a small ranch.

One house and lot for \$500, getting \$6 per month rent, close in, will take small payment down, paying 14 per cent.  
2 houses on one lot, renting for \$11 per month. A party could live in one and rent the other. Will take a small payment on this one. Price \$1000. This is paying 18 per cent on the investment.  
For information call at 212 East Fourth St.

### MONEY TO LOAN

TO LOAN—Several thousand dollars in sums of five hundred and over. J. G. Quick, 421 North Main St. Both phones.

### NOTICE

In the Superior Court of the State of California, in and for the County of Orange.

In the Matter of the Guardianship and Estate of Helen G. Whitney, an Insane and Incompetent Person.  
To Helen G. Whitney, and to G. A. Whitney, guardian of the person and estate of said Helen G. Whitney, an insane and incompetent person, and all parties having an interest in said estate: You, and each of you, will please take notice that wherefore Roy Runnels, petitioner, has heretofore filed and presented his certain petition, among other things, for an order of the court directing said G. A. Whitney for the conveyance to Roy Runnels of the following described property, to-wit:

"All that certain lot, piece or parcel of land, situate, lying and being in the County of Orange, State of California, and bounded and particularly described as follows, to-wit:

"Block 'A' of Fairbank's Subdivision of the southeast 1/4 of lot 18, of a subdivision of the Rancho Santiago de Santa Ana and San Joaquin, containing 2 1/2 acres of land more or less, as shown on a map recorded in book 36 at page 48, of Miscellaneous Records of Los Angeles County, State of California.

Now therefore, you are notified that pursuant to an order of this Court, heretofore entered on the 14th day of July, 1913, that Friday, the 15th day of August, 1913, being a regular term of said Superior Court, at ten o'clock in the forenoon of the day of said August, 1913, the said petition will be heard, and when and where all parties interested as creditors, devisees or personal representatives of the said Helen G. Whitney, may appear and show cause why, if any they have or can show, the said prayer of said petitioner should not be granted.

Attested by the Clerk on this 15th day of July, 1913.  
(Seal)  
W. B. WILLIAMS, County Clerk, Orange County, California.

W. H. THOMAS, Attorney for Petitioner, Opera House Block, Santa Ana, Calif.

### FOR SALE OR EXCHANGE

25 acres of very fine land, 15 acres in alfalfa, 20 h. p. pumping plant, 60 inches water. Price \$9000. Will take house and lot to \$3000 in Santa Ana. Small house and barn, all new and nice.

### FOR SALE

20 acres, 9 acres in alfalfa, 1 acre in variety of fruit, 3 wells and good pumping plant, 5 room house, good barn and out buildings, 2 horses, 2 cows, some pigs, all farm tools, 300 feet of cement pipe. This is cheap at \$7500. Mortgage \$4000. This is a good place and cheap. These are both good buys at price asked. They are located near Hemet on 1400 ft. elevation. Money to loan. Notary Public. Fire Insurance.

### WELLS & WARNER

11 W. Fourth St. Santa Ana

### WANTED

WANTED, SALESMEN—The Lakeview Irrigated Farms, which is about to be placed upon the market, is the famous old Nuevo Rancho, in the Lakeview Parris Valleys. I want one high grade farm land salesman to work in this territory, representing the property. Many of the farmers in your community appreciate the value of good, cheap land, in this irrigated section, and this property only needs to be called to their attention, for you to be able to interest a great many. When you locate this good agricultural land, in the Valley of Southern California, about 2 1/2 hours ride from Los Angeles, for here, for \$2000 you can get a good water right, you will realize how unusually attractive this is and how it will particularly appeal to farmers in Southern California, who know of the wonderful advance in value of good farm lands made in the past few years. Understand, this is not land to be sold to the stranger, using the attractive "bait" of "30 a month." This land is for farmers who know good land and are willing to pay for it, and in offering it at \$2000 an acre, on terms of one-quarter cash, balance in one, two and three years, you will have been unable to establish this price, if we had resorted to the very low terms on which so many of the properties are offered for sale. Realize that the state of Iowa is seventeen times larger than the Valley of Southern California, and that the state of Iowa is only one of forty-eight states in the United States, and that every state is sending its delegates to Los Angeles. It is a simple matter to arrive at the future value of good farm land in the Valley of Southern California. The farm concerns in this valley can sell out today for \$2000 and \$5000 an acre can go onto our land and recoup the same thing in a very few years. Understand, I want good, substantial, honest farm land salesmen, who have a record for fair dealings, and can present my property in a manner that I will not have to apologize for any of their statements. If you are in this class and think that you are able to sell a property of this kind, describe, take this matter up with me in writing. I am going to publish an article hereafter, stating that this is not going to exaggerate in any particular. I expect to sell a third of the farms in Southern California. I could not say more than a private agent, for we are indifferent to land, we would then be compelled to appeal only to the wisdom of the man to whom your experience has been and giving me some reference. James R. H. Wagner, 1718 St. one block away, Los Angeles, California.

## SPEEDING RIG SMASHED INTO LACY'S BUGGY

Three Couples Racing on South Main—Officer's Horse is Bowled Over

Officer Theo. Lacy's buggy was smashed and his driving mare bowled over on her back by one of a trio of speeding rigs that were racing on the South Main street pavement yesterday evening.

Robert Poor, who was in one of the rigs, has been arrested for disturbing the peace, and Louis Nalley and Samuel Waters, who were in the other rigs, are charged with reckless driving. They were here this morning in Justice Cox's court. Poor pleaded not guilty to peace disturbance, and his trial was set for Aug. 4. City Recorder Willson postponed the hearing of the charges against Nalley and Waters for ten days, that the young men may adjust the damage done Lacy's buggy. The three men live at Placentia.

Lacy had driven to the home of his sister-in-law, Mrs. Fred Parsons, at 411 South Main street, where he left his mother-in-law, Mrs. Young of West Orange. Lacy was going to get into his buggy when he saw the three rigs coming north on Main street, all abreast and driving rapidly. Lacy saw that a collision was inevitable, so he jumped to the sidewalk to be clear of it. In each of the speeding rigs was a young man and a girl. The buggy in which Nalley was riding was being driven by the girl who was with him. This buggy crashed into Lacy's buggy. Lacy's mare was thrown on her back, but she scrambled up and except for loss of some hide and hair seems to be none the worse for the collision. The girl was bruised slightly by being thrown against the dash-board.

Poor became abusive, and it was on account of his remarks that Lacy brought a charge of disturbing the peace against Poor. Poor was as independent as they make em, and in his talk he declared he had more money than all of Santa Ana put together. When he was arrested and searched he was found to have but fifty cents in his pockets. The other young men had \$2.30 between them.

Nalley and Waters seemed to look at the affair in quite a different light from that which shaded Poor's views, and this morning they offered to make good the damage done Lacy's rig.

## TANGO CRAZE LED YOUTH TO BURGLARY

DENVER, Colo., July 28.—Because his chief pleasure in life was to tango and rag, and because he couldn't take his girl friends to dances unless he sent them flowers and hired taxicabs, led Ralph Arnold, 17 years old, high school athlete, to burglarize the home of R. W. Kingston, the wealthy father of one of his girl friends, and to land in jail.

"I couldn't keep up the pace on what my father would allow me," said young Arnold, who comes of a very respectable family. "So I took the only means I knew of doing the things I wanted to do. I knew the Kingston home, having been there a number of times. I knew just where to find the valuables."

## Unsnatchably Face Spots

Are cured by Dr. Hobson's Eczema Ointment, which heads all skin eruptions. No matter how long you have been troubled by itching, burning, or scaly skin humors, just put a little of that soothing antiseptic, Dr. Hobson's Eczema Ointment, on the sores and the suffering stops instantly. Healing begins that very minute. Doctors use it in their practice and recommend it. Mr. Allen, of Littleton, Pa., says: "Had eczema on forehead. Dr. Hobson's Eczema Ointment cured it in two weeks." Guaranteed to relieve or money refunded. All druggists, or by mail. Price 50c. Puffer Chemical Co., Philadelphia and St. Louis. Advertisement.

## AFTER MANY YEARS BROTHERS DECIDE BECOME CITIZENS

Henry and William Evans of Bolsa Took Out Their First Papers Today

Today after a third of a century in the United States, two Englishmen living at Bolsa took the first steps necessary to make themselves American citizens. The brothers are William and Henry Evans, ranchers. They were born in England, William in 1846 and Henry in 1848. William came to America in 1880 and his brother arrived the year following. Most of the time that they have been in the United States, this county has been their home.

A few days ago the two brothers got to talking the matter of naturalization over. They long since decided that America was the place they wanted to live and die in, and with that decision neither could see why they should not become citizens. This morning County Clerk Williams issued first papers of naturalization to them.

## Named a Deputy

Sheriff Rudebeck has appointed John Baque of the Bastanchury ranch as a deputy without pay.

## Default Entered

Today the default of the defendant was entered in the action of Earl Robert Tucker against Julia Lucile Tucker.

Wade M. Holson, 26, and Adelaide M. Berry, 24, both of La Habra.

Maceys Sectional Bookcases for office or library; units can be added as your library grows. We have them in several different finishes. Horton Spurgeon Furniture Co.

## OKLAHOMA CROESUS ADOPTS 300 CHILDREN

TULSA, Okla., July 28.—Charles Page, reputed to be worth \$5,000,000, has adopted 300 children and hopes to swell the number to 1000. He has provided that at his death the bulk of his estate shall go toward helping poor children and maintaining a home which he has established at Sand Spring, a suburb of Tulsa.

Page has financed the street car line which runs from the village to the home and each day the poor children who do not live at the home are gathered up and taken out there, where they are taught in one of the best schools of the state.

He has also provided that any boy or girl who may wish a college education after completing the course in his school may select an institution and Page will defray all expenses. Connected with the home he runs a farm and canning factory where the boys and girls may work in off hours and every branch of manual training and domestic science is taught by skilled teachers.

Page takes a great interest in his adopted children and when able to get away from his office enjoys nothing better than a romp with his charges.

## ANOTHER COUNT AGAINST THE FLY

Physician Proves It Carries Infantile Paralysis Germs from Fowls to Humans

ST. LOUIS, July 28.—A demonstration of his theory that infantile paralysis was originally a disease of fowls and is transmitted to children by the larvae of the fly, was today presented to the St. Louis Medical Society by Dr. Saunders, which was accepted by many of the physicians who heard him.

It was the culmination of months of patient research, conducted at the Bethesda Foundling Home, and the explanation of the physician, as he demonstrated his theory, was dramatic in the extreme.

Several months ago he became impressed with the idea that the disease known as limber neck in chickens was responsible for the disease. His experiments have demonstrated that all fowls are subject to the disease as well as dogs, hogs and monkeys, but cats and rabbits are immune.

A monkey, a Plymouth Rock chicken, several guinea pigs and three rabbits were used to demonstrate the deadly effect of the larvae that are charged with responsibility for the deadly disease that has baffled medical skill for more than two hundred years.

The monkey, which expired while Dr. Saunders was lecturing, exhibited all of the symptoms of the disease that has caused the death of so many children. The death struggles of the animal, while pathetic in the extreme, may be the means of saving many lives.

Dr. Saunders first called attention to the fact that infantile paralysis, which the doctors speak of as poliomyelitis, was prevalent only in the insect season and was never seen in this latitude in the winter months.

Dr. Saunders is recognized in the medical profession as one of the foremost child specialists of the country.

## TO DREDGE CANAL AT SUNSET BEACH TO TIDE CHANNELS

SUNSET BEACH, July 28.—By the first of the week the big dredger that was brought up the coast and placed in the lagoon behind Sunset Beach will be at work, and until the 200,000 cubic yards of earth are removed and the mile and a half of canal created there will be no pause in the work. The lagoon that is to be constructed will run in the entire length of the Sunset Beach properties and will have direct communication with the many miles of natural lagoons that penetrate into the back country. The earth that will be thrown out will be used in creating about 450 more residence lots. The plans of the South Coast Improvement Company include the building of two islands in the center of the canal, one for residence purposes and one for a park.

## CALLS CONFERENCE OF WESTERN GOVERNORS

TOLEKA, Kan., July 28.—Governor Hodges today wrote the governors of all states west of the Mississippi asking them to meet in Wichita October 22 to discuss state and national legislation. The trans-Mississippi commercial congress is to meet in Wichita, October 21 and sit four days. Governor Hodges proposes that the governors decide problems which now confront the western states in state and national legislation, and appoint a representative to appear before congressional committees.
